

REMARKS

Summary

Claims 1-11 were pending. Claims 1-7 are drawn to an automatic door control system, classified in class 49, subclass 358. Claims 8-11 are drawn to a method of moving a door, classified in class 49, subclass 506. Since there are two grouping of claims, which, as stated by the Examiner are distinct, the Applicant has elected to pursue Claims 1-7 and withdraw Claims 8-11. Applicant reserves the right to traverse and pursue divisional applications based on Claims 8-11.

For the claims, Claims 1-8 remain in this application. Claims 8-11 have been withdrawn. The amendments to the claims are supported in the specification. No new matter has been added.

Conclusion

Pending Claims 1-8 are patentable. Therefore, in view of the above amendments, Applicant respectfully submits that this application is in condition for allowance and such action is earnestly requested. If for any reason, however, the Examiner feels that a telephone interview would be helpful in resolving any remaining issues the Examiner is respectfully requested to contact Applicant's undersigned attorney.

Respectfully submitted,
